Submit event listings and photos

Post your events: Register for an account and check it out at events.starnewsonline.com. Anyone who wants to list events in ANY of our print calendars, as well as to publicize their information, should register and post event details here. Just click “register” in the top right corner to start your own account, on which you can create a venue page for yourself and, more importantly, add all the events for your organization for days, weeks, months and years ahead. This is the site from which we pull all content for our various calendars in print. Submitting to the online calendar results in a submission for print. Have questions? Contact Jeff at jeff.hidek@starnewsonline.com.

Post your photos: Go to StarNewsOnline.com/MyPhotos. Click on the appropriate category in the list on the right side of the screen (Galas & Fundraisers, Community Events, etc.). Next, click the “Submit a Photo” link, just to the left of the category list. Fill out the fields provided and upload a .jpg image to the site. Important: A first and last name must be entered in the “nickname” field for a photo to be eligible to run in the print edition of the StarNews. Be sure to include the location of the photo and, when possible, please identify people, in the caption field. Have questions? Contact Jeff at jeff.hidek@starnewsonline.com.
